Foreign Scholarship Rules.

I. With the object of promoting higher scientific study and research and technical education among the people of the State, in order to train in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country and with a view to educating in European Universities and Colleges young men for recruitment to the service of the State in the Revenue, Educational, Forest, Medical, Engineering, Geological and other departments, the Government of His Highness the Maharaja of Mysore have been pleased to institute the following scholarships.

II. The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources:—

1. Two known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das Charities' Fund;
2. Four known as Mysore Government Scholarships from the general revenues of the State;
3. Five known as Mysore Government Loan Scholarships from loans granted from the general revenues of the State.

III. Eight of the scholarships will be given for study in the countries of Europe and America. The other three will be given for study in Europe and America or in Japan and other eastern countries; in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America.

Of the eight scholarships tenable in Europe and America, 4 will be given for post-graduate scientific study and research and 4 will be given for technical, industrial or commercial training of a practical nature.

The other three scholarships tenable in Europe and America or in lieu thereof, six scholarships tenable in eastern countries will ordinarily be given for practical training in technical, industrial and commercial subjects, but may, in special cases, be given for post-graduate study and research.

IV. The scholarships will ordinarily be tenable for two years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary.

V. Candidates for the scholarships must not ordinarily be over 25 years of age. It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries.

VI. The scholarships will be open to all natives of Mysore by birth or domicile. When well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore College. The scholarships for post-graduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognized University. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued.

In the case of scholarships for technical, industrial or commercial training, applicants need not necessarily be graduates of a University, but a candidate will be expected to have received sufficient general education to enable him to pursue his studies with advantage. Such candidates should have had practical experience of the industries, etc., which they desire to study, or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe.

VII. Each candidate must forward with his application :—

1. A satisfactory certificate of birth or domicile;
2. A declaration that he has the consent of the head of his family to proceed to Europe or elsewhere for the purpose of the scholarship;
3. Certificates of good character from two persons (not relatives of the candidate) of respectability and good position, in addition to one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering;
4. A certificate of physical fitness to undergo the course of study, research or training which he will have to follow, signed by the Senior Surgeon of the Government of Mysore, or a Medical Officer not below the rank of a District Surgeon.
5. A statement of the course of study or research which he desires to pursue, with testimonials as to his educational and other qualifications for such course.
